

ADOPT A SPOT PROGRAM

The Jordan River Parkway Trail

WE NEED VOLUNTEERS!

The Fairpark Community is partnering with Salt Lake City to adopt our section of the Jordan River Parkway Trail from North Temple to 600 North.

We need 10+ people who are passionate about conservation, sustainability and love working outdoors. The volunteer position is a year-long commitment and requires about 6-8 hours per month. Our volunteers include anyone interested in preserving and maintaining our lovely city's open spaces. We encourage participation from local church groups, businesses, youth organizations, senior citizens, scouts groups, neighborhood and community groups, and more. Adopters help guarantee the quality, integrity, and longevity of open space lands now and into the future.

Cleanup activities include invasive weed control, tree protection, trail upkeep and monitoring, reporting of safety hazards, photo documentation, monitoring and tracking.

It would be wonderful to work on our section of the trail with members of our own community. We could really

use your help!

If you are interested in helping the Fairpark Community keep our trail and river clean, please contact **Brook Bernier at 801-604-1895.**
